

American Cancer Society Relay for Life of Fort Worth 2008

The **Institute for Cancer Research (ICR)** with the Molecular Biology and Immunology Department has formed a team for the 4th year, if you wish to join our team "UNTHSC Team ICR" or make a donation go to:

http://main.acsevents.org/site/TR?pg=team&fr_id=6315&team_id=180742

We, the Molecular Biology and Immunology Department are very happy to announce that there are several teams from UNTHSC participating in the Relay 2008, please join or support the team of your choice. We hope to see a large turn out from UNTHSC. Take the time to log on today to make a donation, start a team or sign up to walk on a team. This will make you a winner too in my book.

**RELAY FOR LIFE – Fort Worth
“CARNIVAL AGAINST CANCER”
Farrington Field 1501 University
Drive Fort Worth, 4-5, 2008**

www.events.cancer.org/rflfortworthtx

The [Relay For Life](#) offers everyone in a community an opportunity to participate in the fight against cancer. Teams camp out and take turns walking around a track or path. Each team is asked to have a representative on the track at all times during the event. Relay is an overnight event, up to 24 hours in length. The Fort Worth event is only 12 hours in length and it is much more than a walk it is a time to remember those lost to cancer and to celebrate those who have survived. It is a night to share in the fight, a night to comfort and console one another. It is a night for communities to come together to learn about and raise money for the fight against cancer. Sign up today! Together we can make a difference!

Celebrate. Remember. Fight Back!
