

**INSTITUTE FOR CANCER RESEARCH  
UNIVERSITY OF NORTH TEXAS HEALTH SCIENCE CENTER  
OF FORT WORTH, TEXAS**

## **ICR Grand Rounds Seminar**

# **“Mechanism of Cardioprotection and Chemoprevention by Grape-Derived Polyphenol, Resveratrol”**

### **Learning Objectives...**

*Those attending this presentation will receive educational information and be exposed to the following ideas and concepts to:*

- 1) General introduction to the multi-faceted biological effects of resveratrol
- 2) Analysis of evidence for and against the contributory and participatory roles of resveratrol for the epidemiological phenomenon known as the French paradox
- 3) Insights on chemoprevention by resveratrol

**Joseph M. Wu, Ph.D.  
Professor and MS Program  
Director  
Department of Biochemistry and  
Molecular Biology  
New York Medical College  
Valhalla, NY**

**Date:                   Wednesday  
                              April 6, 2011**

**Time:                   12:00 to 1:00 pm**

**Location:            EAD-406**

**Lunch will be provided on first come basis.**
